Sir:

Responsive to the Office Action of April 14, 2006, Applicants' reconsideration of the application in view of the remarks presented herein.

The claims in the application are claims 1 to 9, no other claims having been presented.

The Examiner has indicated that in his opinion there are 3 separate inventions, Figs. 1 to 4, Figs. 5 and 6 and Fig. 7 which he deems to include patentably distinct subject matter even though claim 1 is generic. The Examiner asked for the claims readable on the elected species.
